A Man To Remember

Because of his friendliness, executive ability, and high professional standards . . .

Because of his deep and sincere concern for education and for the welfare of our school . . .

Because of our admiration for him and for that which he stands . . .

Because we feel we have been honored in being York High School students under his leadership . . .

Because he has established during the last two years the principles for which York High School stands . . .

We, the Class of 1956, dedicate this edition of the "Falcon" to our principal, Thomas H. Gillis.
